

Hounds Losing Pounds

How does your dog weigh in?

Thru November 16, 2011

Do you know what the optimal weight of your pet should be? With proper exercise and nutrition your pup will live a healthier, longer and happier life. Join other pet owners to get your pet's weight to its optimal level using our 30-day challenge. The pet that loses the largest percentage of body weight at the end of the competition will win \$200 PetMartUSA gift certificate. The runner up will win \$100 towards their next veterinary exam!

Visit your vet for a free weigh-in at the start and end of your challenge and register by emailing hounds@rakergoldstein.com with the owner's name, phone number and address in addition to the pet's name, age, breed and weight to the 10th of a pound, if possible.

- This contest is open to dogs of all sizes since the final results will be measured as a percentage. We will provide you with literature that is vital to this competition since both diet and exercise will be important factors in achieving the best results. Pet's Best Friend NJ will be on hand to provide their services to any dog owner that is unable to handle the demands of maintaining a healthy fitness lifestyle (daily walks) for their pets.

Visit <http://www.facebook.com/PetsBestFriendNJ>'s events page, email hounds@rakergoldstein.com, or call (201) 784-1818 to receive more information and register.
