DOGGY DEUCE REMOVAL SERVICE

PAMPERING YOUR PETS

About two years ago, Emerson resident **Chris Rago** started up a business venture, **Doggy Deuce Removal Service**. Since then, business has grown and changed and he now has an office at 297-101 Kinderkamack Road, Suite 173, in Oradell.

Originally, the idea started with going around to residential areas and cleaning up people's yards of dog waste. Soon, Rago was adding on additional aspects to the business, and has gone from covering Bergen County to also including Passaic County and southern Rockland County in New York.

Rago's business focuses on providing a stress-free environment for pets and promoting exercise for not only the family dog, but the family members too. He and his staff have all been trained by the NJ Dog Whisperer, Janice Wolfe, on how to achieve harmony among the human and canine pack members through leadership, exercise and nutrition.

By implementing the methods taught by Wolfe, Rago and his staff teach dogs to recognize them as leaders and then pass these techniques on to the owners of troublesome dogs. But for dogs with severe aggression issues, residents will be referred directly to Wolfe.

Doggy Deuce is in charge of waste removal services, while Rago has added on an expanded portion of the business with Pet's Best Friend NJ Pet Care Services. Pet's Best Friend oversees dog walking/exercising activities, dog sitting/pet sitting, dog training, dog whisperer services, and vet technician services.

Aside from dog walking, the exercise options include jogging, rollerblading and bicycle riding with dogs. A certified vet technician takes care of ear cleaning, nail trimming, tick removal, application of flea and tick medication and administering medication/eye drops.

Chris Rago takes one of his doggy customers for a rollerblading session.

If you're going on vacation, Doggy Deuce will come by and pet sit your animal, making sure they are taken care of. Rago will board small, well-behaved breeds at his home - one family at a time though.

For the feline inclined owner, there is the option of cat litter box maintenance. The same goes for owners of birds, pot-bellied pigs, chickens and reptiles, with advance notice of the type of pet so Rago and his staff can research the best way to interact with the animal.

Rago is researching other services to add on for his clients, including either a mobile or facility-based grooming location, purchasing property for a boarding facility and selling nutritional dog food.

Prices vary for services based on yard size, number of visits and number of dogs. Residents can have Rago or his employees stop by several times during the day to care for a pampered pooch. There are no contracts required and services can be canceled at any time. Scheduled times for visits are flexible.

For more information on Doggy Deuce's services, visit www.DoggyDeuceRm.com or contact Rago at 201-663-1879.
